

E-SHOP's Reserve a Vehicle

E-SHOP now offers consumers the ability to reserve a vehicle of their choosing. By default, this feature applies to all of the inventory that your dealership has in stock, in transit & being built. In order for a consumer to successfully 'reserve' a vehicle, they are asked to submit a deposit of \$500 which funnels into your pre-existing PayPal account (same one used for Wagoneers).

Advance paid towards this order is not a down payment or guarantee toward vehicle purchase. It simply indicates interest to proceed with placing the order for a vehicle with chosen preferences, which is then confirmed and finalized by the Dealer. If under any circumstances, the request cannot be serviced, the Dealer may recommend a similar vehicle OR may refund your advance.
